Give your children a
foundation that lasts
a lifetime.

ABOUT US

Orchard school founded by Mr.S.Mani in May 2010, is no doubt a reflection of his far sighted vision for quality education.

The founder reiterates,

"I believe in creating good human beings who would contribute to the prosperity of the globe".

The State of the Art facilities and infrastructure support his vision and ardent endeavour to make education at Orchard wholesome and a joyful experience.

Although a rigorous academic programme is at the core of everything we at Orchard Schools do, an equally outstanding co-curricular and extra-curricular agenda for students endows them the most needed holistic education to make them globally competent.

OUR VISION

To create good human beings who would contribute to the prosperity of the globe.

OUR MOTTO

Learning for Life

JOURNEY OF LIFE LONG LEARNING

To fulfil our mission we are steadfast to impart all skills pertaining to 21st Century Education to unleash the true potential of every child and empower them to be the inventors of tomorrow.

We strive to impart Universal Spiritual Qualities, Virtues and Values transcending all people, religions, traditions and cultures.

It is ensured that perfection and beauty manifests itself in all what we do. Each child is motivated to compete with oneself and to learn to do the best always. We expect and visualize the best in every child.

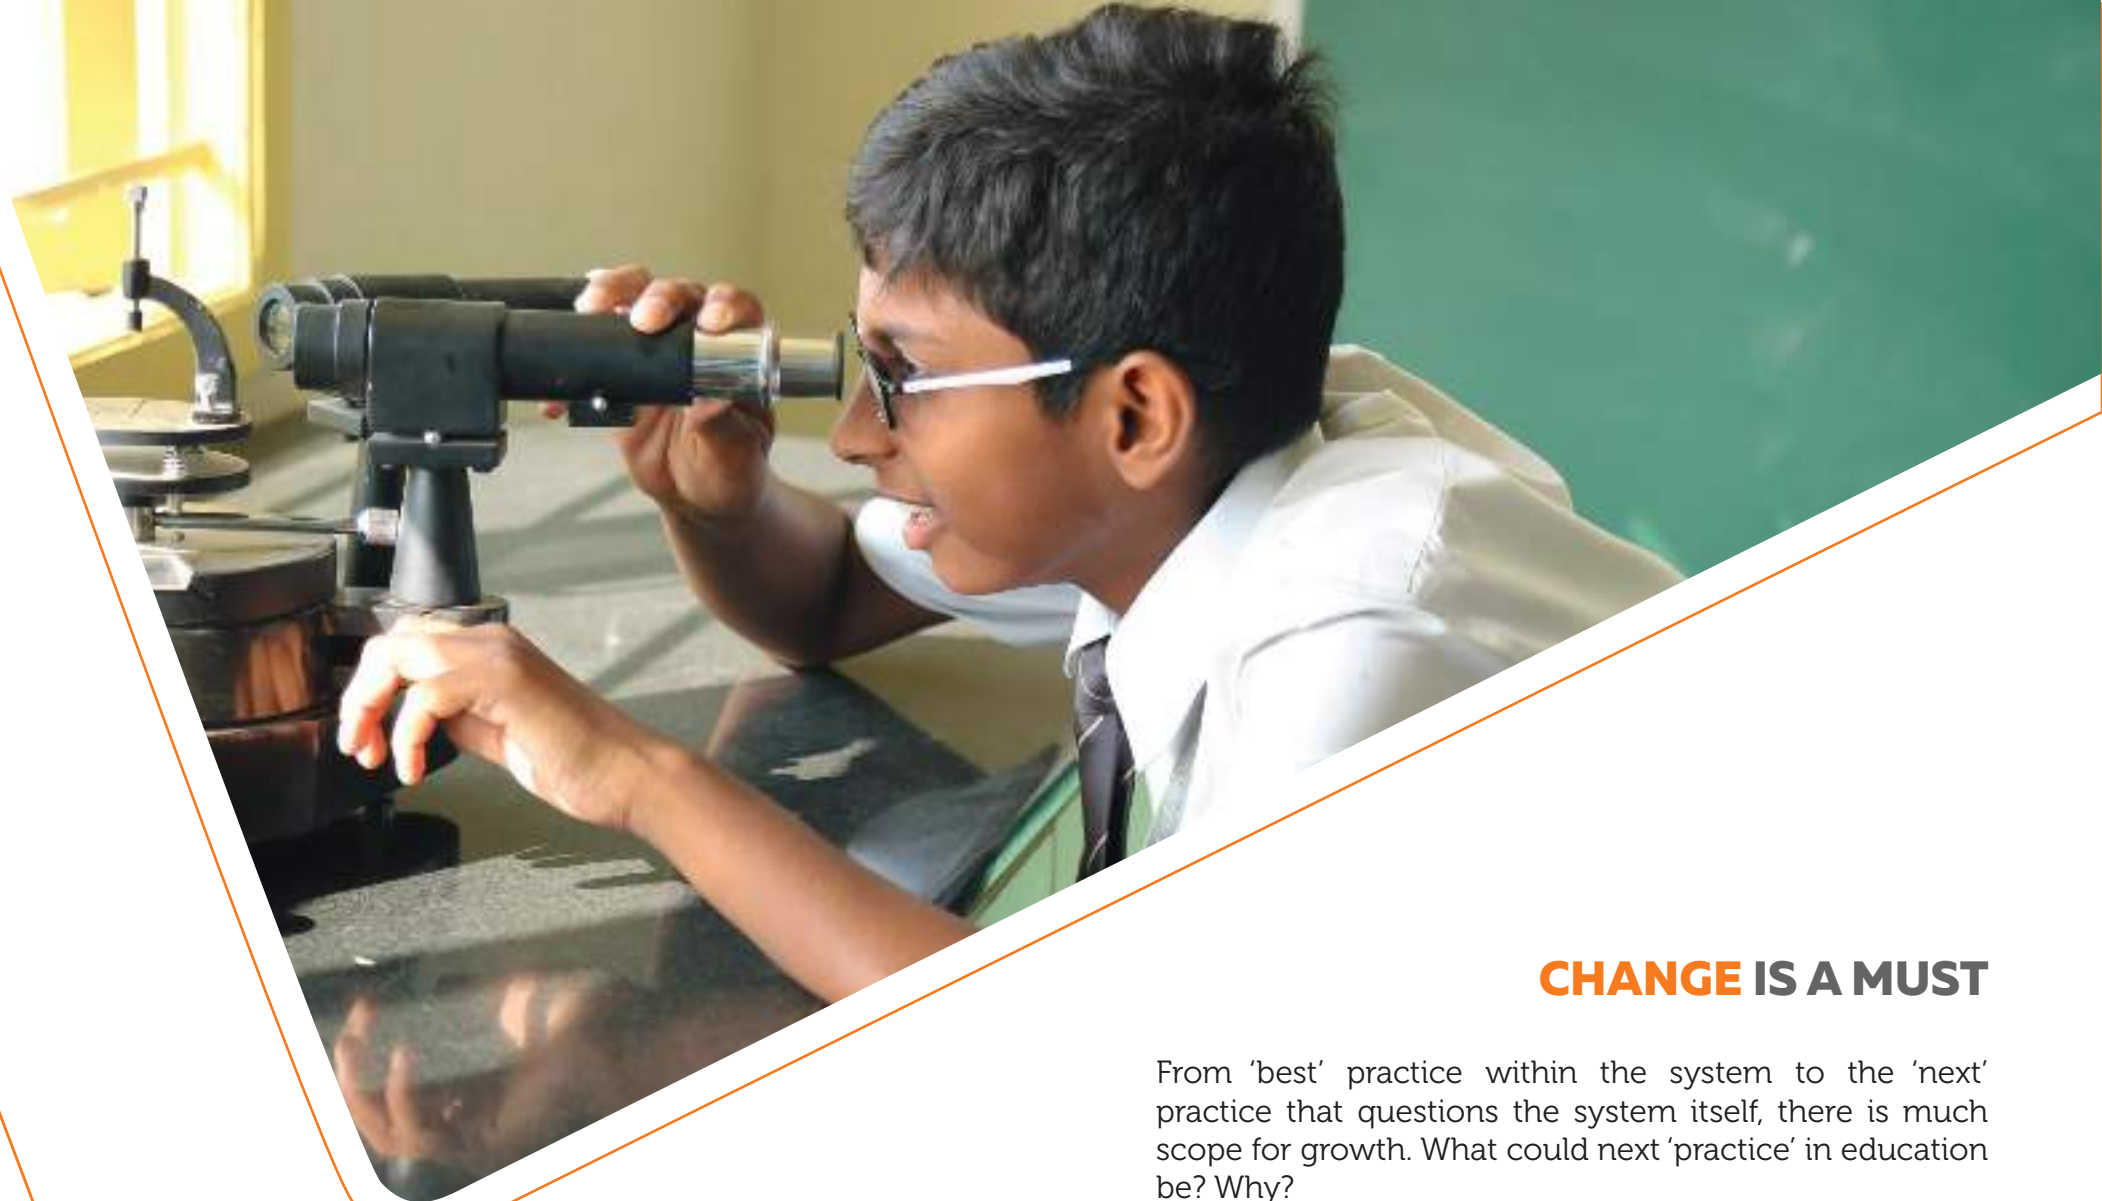

We strongly believe in accepting the oneness of humanity, harbouring love for other human beings and respect for all living things and going beyond the narrow confines of varied discriminations like caste, creed, colour, religion and country, appreciating and celebrating diversity in all its forms.

We seek to go beyond charity to recognise service as a way of life so that when children grow up, they become profoundly compassionate doers, leaders of thought and action, and revolutionist for the betterment of the society.

THE SCHOOL

- Believes in imparting strong academics
- Offers stimulating and conducive environment for learning
- Follows value based approach
- Provides global exposure
- Strives to empower lives

CHANGE IS A MUST

From 'best' practice within the system to the 'next' practice that questions the system itself, there is much scope for growth. What could next 'practice' in education be? Why?

Orchard has already been involved in 'next' practice in the form of World Citizenship Education, and making its vision central to the school's innovative process, that is seeking new and different ways to inspire every child to become both congenial and ingenious.

Every year is an opportunity to strengthen our focus. Efforts are perennial to expose children to various opportunities like music integration, languages of encouragement, phonics, field trips, role plays, and experimentation to impart knowledge, values and courtesy

// True education releases capacities, develops analytical abilities, confidence in oneself, will power and goal setting competencies, and instils the vision that will enable him/her to become self-motivating agent of social change, serving the best interests of the community.

//

CAMPUS & INFRASTRUCTURE

Orchard is located on the 100' road in K K Nagar at Iyer Thottam, the heart of K K Nagar, Trichy. Aesthetically designed, the campus provides an ambience of serenity and peace. The spacious, dust-free and green campus invites and invigorates students of all ages to a journey called lifelong learning in an exquisite and world-class environment.

Keeping in mind the needs of students of the 21st century, the infrastructure is best-suited with ample natural light and fresh air; the incorporation of all measures of safety and hygiene is second to none in the industry. The state-of-the-art, luxurious and dazzling infrastructural facilities, such as anti-skid vitrified tile flooring, child-friendly furniture made of teak wood, the exquisite washrooms, 24 Hour supply of Reverse osmosized Water, Uninterrupted Power Supply... are marks of an elite school with a humane touch!

The Science Laboratories, Computer Laboratory, Library, Audio Visual Hall, English Language Training Lab, Mathematics Lab... are among the best of amenities provided to children.

“Children perform better in an inspiring climate of enthusiasm and encouragement. To facilitate the All round development of every child the School tirelessly strives to provide a joyful and peaceful environment.”

FACILITIES

THE STAFF

Orchard is bestowed with a wonderful team of dedicated teaching and non-teaching faculty with the right attitude and aptitude to cater to the individual need of every child. They are indeed a team of professionals qualified, experienced, with the vigour and vibrancy to go the extra mile to nurture the child as a whole. Regular in service training programmes, seminars, workshops etc; help them to upgrade themselves – learn, unlearn and relearn – with modern educational pedagogies and technology. Class rooms are student centric: teacher is a facilitator and is closely involved in the learning process of every child.

ENGLISH TRAINING LAB

The latest software guided English Literary Lab is yet another boon to the existing facilities at Orchard. Children from Kindergarten enjoy the experience of learning English effortless in its original and flawless form. Teacher-monitored lessons, projects, stories, rhymes etc... help students use the language appropriately and well. The advantages of this laboratory can be seen in the improvement of English language skills of the students.

VIRTUAL CLASSROOMS

Orchard has incorporated the best of educational technologies. Teaching becomes more meaningful and fun-filled when technologically guided. The digital teaching and learning enables both the teacher and the taught to move towards the cutting edge learning environment seamlessly.

AIR CONDITIONED COMPUTER LAB

In the era of Information Technology, introduction to hands on experience on computers is inevitable. The application oriented Computer classes with student machine ratio 1:1 at Orchard is the most enviable experience to learners.

PERSONALITY DEVELOPMENT LAB

Education does not end with completion of syllabus in the classroom; there are various other factors that supplement and complete it. Students need to master the art of time management, public speaking, right body-language, problem solving, mannerism, etiquettes, collaboration..... that is very crucial to life outside the walls of the classroom. Students are exposed to these along with a host of co-curricular activities in the Personality Development Lab.

TECHNOLOGY TO MAKE LEARNING INTERACTIVE

MATH LAB

Learning Mathematics is no more a nightmare to the Orchardians. The introduction of Math Lab enables the students to construct their own formulae, visualize abstract concepts, master spatial skills and enjoy problem solving.

AIR CONDITIONED LIBRARY

The library with its perfect ambience and large collection of variety of books is a jewel in the Orchard Diadem. Students are encouraged to utilize this facility to the maximum.

INDIVIDUAL SCIENCE LABS

School has separate Physics, Chemistry and Biology labs with all latest models and equipment to facilitate the learning of the students. It is a well-known fact that children remember what they do and so Orchard Science Labs pave way for collaborative learning of scientific concepts.

THE CURRICULUM

Orchard seeks to provide and promote education at its best. The early years play a very significant role in shaping young learners, thus the most vital phase of every child's growth. In an era where children are fast experiencing a digital wave and rapid innovations, they need to be engaged with better tools to bring out the best in them. Orchard offers India's first integrated Learning platform, set to completely transform the learner and the facilitator. The curriculum is truly innovative pedagogical design for teaching and learning to facilitate visible improvement in learning culminated with cutting edge technology to ensure that learning continues even beyond school hours. The carefully planned design contains incisive and in-depth assessment and post assessment framework and perennial and impactful support mechanism to ensure skill enhancement and rise in learning capacities. **The curriculum here is well researched and scientifically curated to help bring out the best promoting Blue Sky Thinking and analytical abilities, Higher Order Thinking Skills, coupled with Critical and Creative Thinking Abilities.**

THE PROCESS OF LEARNING FOR LIFE.....

JOYFUL Pre-Primary Years

Orchard provides joyful learning platform at Pre-Primary level where each child thrives in an unlimited pool of encouragement, caring environment led by implicit examples of adults.

EMPOWERING Primary Years

A unique atmosphere offered at the Primary Level nurtures the Confidence, Competencies in core subjects and Compassion in every individual

INSPIRING Middle (Junior) Years

Carefully and schematically planned curriculum here promotes ample scopes to enhance each child's Expressions, Exposure, Exchange of values and concepts and Events which hone the inherent potentials of every individual. The foundations of solid learning laid here set the stage for academic excellence in senior years.

VICTORIOUS Senior Years

We at Orchard emphasize on strong academic standards to ensure high performance in the board examinations, Proficiency in English, Personality Development and Preparation for a life of Service.

The School offers the following group in the Higher Secondary with an ardent zeal to prepare the students for the future with enough skills & competencies. The students are exposed to various assessments like "Olympiads", "Spell Bee", "Asset" etc right from Primary Years to prepare them for competitive exams like JEE, NEET, CLAT etc.

CO – CURRICULAR ACTIVITIES

Orchard provides ample opportunities and a stimulating environment to express engage and explore the world through a variety of experiences and programmes that include intra and interschool competitions, debates, quiz, role-plays, public speaking dance, drama, sports, projects and field visits. Spell Bee Contest and International Olympiads provide a platform for International Competency.

EXTRA - CURRICULAR ACTIVITIES

Orchard believes that there are innumerable inherent potentials that lie within every child that need a way out. The school has incorporated various sports activities like Foot -ball, Cricket, Volley Ball, Hand Ball, Badminton, Table Tennis, Carrom , Chess, field and track events, Performing Arts like Western & Classical Dance, Vocal Music, Art & Craft, Mimes and Theatre Arts, Martial Arts like Karate, Yoga etc;

VALUE EDUCATION

Orchard lays great emphasis on rejuvenating the diminishing ethical values among children. Creating Good Human Beings is the thread that connects all processes at School. Fervent celebration of all National and Religious Festivals at Orchard re-kindles and re-vitalizes the rich cultural heritage of our past. Celebration of Grandparents Day ensures strong bonding amidst the school and family.

WITH A PASSION FOR EXCELLENCE

Orchard works to create an academic, physical, emotional, social, respectful and safe environment in which every child feels both supported and challenged at his or her level. We set high but feasible goals and support late bloomers so that they learn with understanding.

MAKING A DIFFERENCE

Orchard assures its students and parents quality services at all quarters. The safe transport facility, Reverse Osmosized UV treated drinking water, Uninterrupted Power Supply are few to name.

ALL CHILDREN DESERVE THE BEST

To put in a nutshell, for the School, every child is the most potent seed of a powerful human being. Perceiving the approach of New Age of learning, the Pioneers of this Institution have taken it upon themselves to equip and empower the children of today, preparing them to meet the challenges of future by imparting in them holistic learning rich in social, theoretical and practical knowledge in line with the growing demand of the future. Orchard follows a real interdisciplinary and thematic approach to transform young learners into more confident and imaginative thinkers, better prepared for the challenges of tomorrow.

“Logic will get you from A to B,
Imagination will take you everywhere”
Albert Einstein
