

ORCHARD

Learning for Life

ORCHARD SCHOOL

CBSE

Kindergarten to Grade XII

**Give your children a
foundation that
lasts a lifetime.**

About Us

Orchard school founded by Mr.S.Mani in May 2010, is no doubt a reflection of his far sighted vision for quality education.

The founder reiterates,
“The need of the hour in the era of digitisation and continuous technological advancements, would be to adapt, be dynamic, evolve and have the ability to learn, unlearn and relearn continuously”.

Our **Vision**

To create good human beings who would contribute to the prosperity of the globe.

Our **Motto**

Learning for Life

Journey of Lifelong Learning

Education is fundamental for achieving full human potential developing an equitable and just society and promoting holistic development.

We strive to impart universal values, strongly believe in accepting the oneness of humanity and seek to go beyond charity to recognize service as a way of life. Each child in our campus is motivated to compete with oneself and to learn to do the best always.

The School

- Believes in imparting strong academics.
- Offers stimulating and conducive environment for learning.
- Follows value-based approach.
- Provides global exposure.
- Strives to empower lives.

CHANGE IS A MUST

Orchard has already been involved in “next” practice in the form of World Citizenship Education, and making its vision central to the school’s innovative process, that is seeking new and different ways to inspire every child to become both congenial and ingenious.

Every year is an opportunity to strengthen our focus. Efforts are perennial to expose children to various opportunities like music integration, languages of encouragement, phonics, field trips, role plays, and experimentation to impart knowledge, values and courtesy.

Campus & Infrastructure

Aesthetically designed, the campus provides an ambience of serenity and peace. The spacious, dust-free and green campus invites and invigorates students of all ages to a journey called lifelong learning in an exquisite and world-class environment.

Our Faculty

Our team consists of fully qualified, enthusiastic and caring professionals, with extensive training backgrounds in the field of child development. Our teachers are also regular participants in various professional workshops, which not only enhance their knowledge but also keeps them updated with the latest teaching methodology. This augments their growth as teachers and the latest teaching trend that makes them better placed to guide young children.

VIRTUAL CLASSROOMS

Orchard has incorporated the best of educational technologies. Teaching becomes more meaningful and fun-filled when technologically guided. The digital teaching and learning enable both the teacher and the taught to move towards the cutting-edge learning environment seamlessly.

AIR-CONDITIONED LIBRARY

The library with its perfect ambience and large collection of variety of books is a jewel in the Orchard Diadem. Students are encouraged to utilize this facility to the maximum.

ENGLISH LANGUAGE LAB

The latest software guided English Literary Lab is yet another boon to the existing facilities at Orchard. Children right from Kindergarten enjoy the experience of learning English in its original and flawless form.

AIR-CONDITIONED COMPUTER LAB

In the era of Information Technology, introduction to hands on experience on computers is inevitable. The application-oriented Computer classes with student machine ratio 1:1 at Orchard is the most enviable experience to learners.

MATH LAB

Learning Mathematics is no more a nightmare to the Orchardians. The introduction of Math Lab enables the students to construct their own formulae, visualize abstract concepts, master spatial skills and enjoy problem solving.

INDIVIDUAL SCIENCE LABS

School has separate Composite, Physics, Chemistry and Biology labs with all latest models and equipment to facilitate the learning of the students. It is a well-known fact that children remember what they do and so Orchard Science Labs pave way for collaborative learning of scientific concepts.

The Curriculum

The curriculum at Orchard is based on CBSE directives and NCERT aligned to NEP 2020.

The school follows a system that ensures the students' intellectual, emotional, physical, cultural, and social development, rather than just academics. The Curriculum uses a system of continuous evaluation and provides parents with an assessment of their child's academic progress based on a comprehensive system of reports and PTM's. The teacher's observations and the child's participation in the activities and assessments form the basis of the evaluation.

The Process of Learning for Life

JOYFUL FOUNDATIONAL YEARS

The “foundational years” curriculum at Orchard is aimed at flexible, multilevel, play/activity based thematic innovative program designed to initiate in the child the processes of observing, exploring, thinking, learning, and expressing within a nurturing and joyful environment.

The curriculum offers age-appropriate knowledge which will enable the child to develop his/her social, emotional, physical and academic skills whilst simultaneously creating a positive attitude towards learning.

Participation of both the School and Parents is an integral part of our program because working together as a team improves the quality of the child’s learning experiences.

EMPOWERING PREPARATORY YEARS

This stage aims at building on the play, discovery and activity based pedagogical and curricular style of the foundational stage.

We believe that strong foundations last a whole lifetime! Hence we equip our primary learners to become fundamentally strong in their conceptual understanding so that this strong base can support them throughout their lives.

We create an environment where the students get transformed into learners who ‘YEARN TO LEARN’.

INSPIRING MIDDLE YEARS

Ignite curiosity, foster responsibility, unleash innovation! Our Middle Stage Curriculum for grades 6-8 builds upon the Preparatory Stage, nurturing knowledge and skills in Language, Math, Science, Social Science, Hindi, IT, Life Skills, and GK. With a holistic approach, our co-curricular activities and graded learning cater to individual strengths and interests, while project work brings learning to life!

VICTORIOUS SECONDARY YEARS

This stage will comprise of four years of multidisciplinary study stepping up from the middle stage. The curriculum will be designed to optimize learning for students based on cognitive development that focusses on greater and deeper knowledge, enhanced critical thinking, keen adherence to life aspirations ensuing flexibility and wide choices of subjects towards carrier optimization.

The Courses Offered

- Physics-Chemistry-Math-Biology
- Physics-Chemistry-Math-Computer Science
- Physics-Chemistry-Biology-Computer Science
- Business Studies-Economics-Accountancy-Math
- Business Studies-Economics-Accountancy-Computer Science

Integrated Courses for **NEET and JEE**

We deem it mandatory to expose children, equip and train them for their future transition and to pursue their stream of educational choices. Orchard intends providing extra care in training children for NEET, JEE & Foundation with top notch content based coaching by integration of time tested and proven methods.

Co-Scholastic Activities

The school provides a wide range of co-scholastic activities during the school hours for all the students.

SPORTS

Games and sports are an integral part of Orchard education through which students are meaningfully engaged with their education, helping in increasing their academic performance, school attendance and inculcating in them life skills. Students participate in Various intra and inter School Sports Activities like Table Tennis, Lawn Tennis, Cricket, Skating, Archery, Swimming, Karate, Silambam in State and National Level. Exclusive coaching for various Sports events are available at School with eminent resource persons.

ART EDUCATION

Interdisciplinary art integrated projects are part of Orchard Curriculum.

Visual Art – Painting | Craft

Performing Art – Dance | Vocal Music | Keyboard

CLUB ACTIVITIES

Club activities are conducted on alternate Saturdays in order to give an opportunity for the students to have an interaction with students of same interest and strengthen their area of interest.

- Art and Craft Club
- Cookery Club
- Eco Club
- Health and Wellness Club
- Heritage Club
- Literary Club
- Quiz Club
- Young Scientists Club

VALUE EDUCATION

Orchard lays great emphasis on rejuvenating the diminishing ethical values among children. Creating Good Human Beings is the thread that connects all processes at School. Fervent celebration of all National and Religious Festivals at Orchard re-kindles and re-vitalizes the rich cultural heritage of our past.

ASSEMBLIES

Assemblies are an integral part of our regular School Week. These may be theme-based and are organized and conducted by the students themselves, building their organizational skills and team work. They provide opportunities for students to come together and interact with larger groups, present their views, address common issues, showcase their skills, and celebrate special days and festivals.

WITH A PASSION FOR EXCELLENCE

Orchard works to create an academic, physical, emotional, social, respectful and safe environment in which every child feels both supported and challenged at his or her level.

Orchard assures its students and parents quality services at all quarters. The safe transport facility, Reverse Osmosized UV treated drinking water, Uninterrupted Power Supply are a few to name.

ALL CHILDREN DESERVE THE BEST

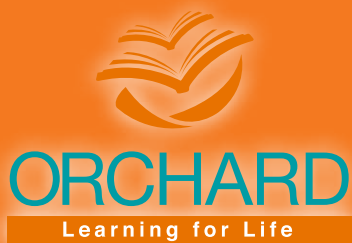

To put in a nutshell, for the School, every child is the most potent seed of a powerful human being. Orchard follows a real interdisciplinary and thematic approach to transform young learners into more confident and imaginative thinkers, better prepared for the challenges of tomorrow.

“ Children should know how to learn, not what to learn ”
